About Us

Get to know about us!

VakilSathi is an AI-powered SaaS platform designed to simplify how legal professionals manage their practice. From client records and court hearings to documents and billing, everything is handled in one centralized, cloud-based dashboard — helping advocates focus on what matters most: delivering justice efficiently.

Our Mission

The mission of **VakilSathi** is to **empower legal professionals** through cutting-edge technology that simplifies legal practice, boosts productivity, and improves client outcomes. Built to eliminate operational friction, VakilSathi aims to create a smarter and more efficient legal workflow for advocates and firms alike.

Our Vision

We envision a **digitally transformed legal industry** where advocates and law firms harness AI and automation to deliver faster, more transparent, and cost-effective legal services. Our goal is to be the **go-to legal tech platform** for every lawyer in India and beyond.

Why Vakil Sathi?

VakilSathi offers an all-in-one, AI-powered, secure, and intuitive platform that replaces multiple tools, enhances efficiency with smart automation, and requires no technical expertise.

It empowers legal professionals to manage clients, cases, documents, and billing seamlessly from a single dashboard.

Our Offerings

Maintain organized and comprehensive client profiles including contact details, case associations, payment status, communication logs, and documents all stored securely in one place.

Client Management

Case Management

Track every aspect of a case from initiation to closure. Link hearings, documents, tasks, billing, and notes directly to the case file, giving you a 360° view of each matter.

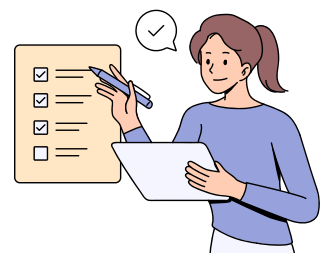

Hearing Scheduler

Automate court hearing scheduling with date tracking, courtroom assignments, alerts, and daily cause list integrations to ensure you never miss a date.

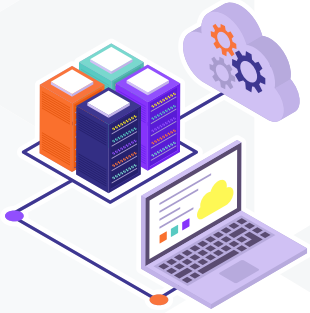

To-Do & Task Manager

Plan and assign tasks to yourself or your team. Organize to-dos by priority, deadline, and case, with automated reminders and status tracking for better productivity.

Our Offerings

Document Management

Upload, store, tag, and retrieve documents securely. Organize files by case, date, or category, with version history and real-time access across devices.

Billing & Invoicing

Generate customized invoices, track payments, set due dates, and view billing history for each client or case. Accept partial payments and download invoice reports.

Log firm-wide and case-specific expenses including travel, filing fees, or consultancy charges. Gain insights on spending patterns and profitability per case.

Expense Tracking

Timesheet Management

Easily track and log billable hours for each task or client. Export timesheets for internal reports or client invoicing to ensure transparent billing.

Our Offerings

Add team members, assign tasks, and share updates or documents within VakilSathi. Ensure your entire firm operates in sync with real-time collaboration tools.

Team Collaboration

Role-Based Access

Create user roles like Partner, Associate, Intern, or Accountant. Control what each user can view, edit, or manage within the system to maintain security and clarity.

Stay organized with a daily, weekly, or monthly case diary that shows upcoming hearings, tasks, and meetings. Ideal for planning and briefing before court.

Case Diary

Integrated Calendar

Visualize all your legal activities in a color-coded calendar view. Sync hearings, reminders, and tasks to stay on top of your schedule.

Our Offerings

Attach internal notes, legal opinions, follow-ups, or strategy points to each case file. Stay context-aware and ensure seamless handovers between team members.

Notes & Case Insights

Legal Templates Library

Access a ready-to-use library of legal templates – affidavits, agreements, notices, etc. Save time and maintain consistency across documentation.

Reminders & Notifications

Never miss an important deadline again. Get automatic email or in-app notifications for hearings, billing, tasks, and more.

Client Portal

Provide clients with limited, secure access to view case status, hearing dates, uploaded documents, and invoices – improving transparency and trust.

Our Offerings

Get a bird's-eye view of your legal practice — see active cases, billing trends, workload distribution, performance metrics, and pending dues all in one place.

Analytics Dashboard

Mobile & Web Access

VakilSathi works on any device. Whether you're in court, at the office, or traveling access your legal data from your phone, tablet, or desktop.

Tailor VakilSathi to your workflow. Define custom task types, document categories, case stages, and user roles to reflect your firm's unique structure.

Custom Settings

Data Security

Don't worry about any crucial information being stolen. Your data is secured on Amazon Web Server (AWS).
